

Many people made the dream of a new library building for Grinnell come true in 2009. Since then, Drake Community Library has become a true crossroads for the local community and beyond.
–a place where people gather to Discover, Connect and Learn!

Now is the time to surround the library with an inviting landscape equal to the treasures within!

The goal of this \$90,000 capital campaign is to create a landscape that blends Iowa’s natural prairie with our urban surroundings into a visually pleasing and user-friendly learning environment.

The Trustees of Drake Community Library invite you to join them in supporting this endeavor.

Thank you!

YES! I want to give to *Converging Landscapes: a capital campaign for the library’s urban prairie*
