

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.

Polk's Bankers Encyclopedia

MOST CONVENIENT AND COMPLETE BANK DIRECTORY

Arranged in one volume with sections devoted to United States and possessions, Canada and Banking Laws and other banks throughout the world not listed in the sections devoted to United States and Canada.

Contains lists of banks with bank statements, bank officers, bank directors, investment dealers, stock exchange members and bank attorneys.

Some other reference features include data concerning Federal Reserve System, Federal Deposit Insurance Corporation, Farm Credit Administration, Joint Stock Land Banks, National and State Bank Examiners, Airmail Schedules, Postage Rates, Clearing House Figures and other statistical tables.

Accessibility of information, maintained up-to-date by new, merged and closed bank supplements, coupled with durable, convenient indexing makes it the outstanding publication of its kind in the field.

PUBLISHED SEMI-ANNUALLY in MARCH AND SEPTEMBER

**\$15.00 per copy; \$20.00 in Canada

INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1940 edition of the Grinnell City Directory, which also includes Brooklyn, Deep River, Guernsey, Hartwick, Malcom, Montezuma, Searsboro, Sheridan, Victor, and the taxpayers of Poweshiek County. This is the first Polk Directory of Grinnell, and is completely standardized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of Grinnell's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Grinnell to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Grinnell Directory will fulfill its mission as a source of authentic information pertaining to the community.

Seven Major Departments

The seven major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 14 to 15, on white paper, presents lists of city, county and state officials; post office Directory; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 21 to 77, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Grinnell, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 81 to 95. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

THE POWESHIEK COUNTY DIRECTORY, covering the towns of the county, extends from page 97 to page 134, on white paper.

THE POWESHIEK COUNTY TAXPAYERS DIRECTORY appears in pages 135 to 151, on white paper.

THE BUYERS' GUIDE, beginning opposite page 152 and separately paged from 1 to 10, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Grinnell and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Grinnell, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 163 to 188, on white paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Grinnell and vicinity. There are more than 500 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

GRINNELL

HOME OF GRINNELL COLLEGE
(Courtesy Grinnell Chamber of Commerce)

Historical and Statistical Review

The location of Grinnell arose from a trivial incident. In 1853, Henry Farnham, builder of the Rock Island Railroad, met, near Geneseo, Illinois, on the railroad not yet completed to Rock Island, J. B. Grinnell, then a Congregational minister from New York, who was on his way home from Missouri where he had been looking for a location for himself and friends. Farnham asserted that as a home for Eastern people, Missouri could not compare with Iowa and that schools and churches could not flourish with slavery. He said he would soon reach the Mississippi River and would then build his railroad on to the Missouri River. His engineers were then surveying a possible route across Iowa. He was confident that Iowa would be the garden spot of the West. It was suggested that Theodore Bacon, one of the survey party, keep Mr. Grinnell informed as they progressed westward. This he did conscientiously, and in a letter to Mr. Grinnell he said, "I am confirmed in my first impression that you should choose at once a location on Township 80, Range 16 west, near what is known as Lattimer's Grove, it being the best prairie I have seen—well-watered, 400 feet above the Mississippi River, on the summit, and on the natural line of a north and south railroad, should one be built." Mr. Grinnell carried out Mr. Bacon's suggestion and as a result the town of Grinnell was founded in 1854. The town was settled by New Englanders, whose ideals of culture, integrity and industry persist to the present day. Grinnell was chosen by a group of New England theological students, known as the "Iowa Band," as the site of Grinnell College. Iowa College (founded 1847), oldest college west of the Mississippi, was moved from Davenport to Grinnell in 1865. Grinnell was a notable "underground railway" station, and hundreds of slaves were helped on their way to freedom by residents of this community.

Grinnell has a population of about 5,000 (4,949 in 1930). It has sixteen miles of surface streets; one of the finest civic squares in Iowa; two public libraries; two modern hospitals, one sixty-bed and one forty-bed; two public parks; and two modern hotels. Taxes are below the average. The city has a pure, deep-well water supply, with 22 miles of water mains.

Grinnell is a commercial center located in the heart of a productive farming community—none better in Iowa. A network of all-weather roads converges here. Good relations with the community are fostered by the Grinnell Chamber of Commerce. The Grinnell Herald-Register, a semi-weekly newspaper, and the Grinnell Shopper, a weekly shopping guide, offer two excellent advertising mediums. The Poweshiek County National Bank and the Grinnell State Bank are two stable, growing institutions, with deposits in excess of \$2,500,000.

Tests made by Iowa State College show farms surrounding Grinnell to be the most productive in the state. The majority of farms are tilled by owners who are financially independent. A large proportion of farms use high-line electricity for light and power. Diversification is the keynote of farming activities in this section, assuring stability of income. Good relations between town and country people make for a united community.

Industry

Morrison-Shults Mfg. Co., for years manufacturers of Grinnell gloves, in 1939 produced 300,000 pairs, and employed 180 full-time workers, with a payroll of \$60,000. Grinnell is the headquarters of the Lannom Mfg. Co., one of the largest manufacturers of baseballs and shoes in the country, which in 1939 produced 15,000 pairs of shoes, and employed 125 workers, with a \$60,000 payroll. This concern also spun and shipped 48,000 pounds of wool yarn to its baseball factory in Tullahoma, Tenn., where it manufactures baseballs and playground balls.

The DeKalb Agricultural Association, Grinnell branch, in 1939 produced 2,000 acres of hybrid seed corn and 102,000 bushels of seeds; employed 500 men at the peak of production, with a payroll of \$50,000; paid farmers \$67,000; paid truckers \$12,000.

Sumner Bros. Seed Co. produces an average of 64 carloads of bluegrass seed per year and employs 350 persons at the peak of production.

The Herald-Register Publishing Co. prints a semi-weekly newspaper and maintains a complete bookbindery.

The Grinnell Printing Co. publishes the Grinnell Shopper and is equipped to handle all types of commercial job printing.

Educational Facilities

Grinnell has three modern grade school buildings, including a new high school with public auditorium and spacious gymnasium. Modern educational methods are followed. Free textbooks are furnished in all public schools. This is the home of Grinnell College, the first college established west of the Mississippi. Special preparatory courses for law, medicine and engineering are offered. Grinnell was the first college in Iowa to be granted a chapter of Phi Beta Kappa. It was the first college in Iowa to establish a complete dormitory system for men and women. It has been a pioneer in student self-government. Intramural sports bring the benefits of physical culture to each and every student. From the first, Grinnell College has been a leader in all forms of inter-collegiate competition. The College grounds comprise 63 acres, located in the northern residential section of the city. They include a central campus of 22 acres, with academic buildings and gymnasiums. Chamberlain Park, of 10 acres, contains the women's quadrangle, the women's playing fields and the swimming pool. The north campus, of 30 acres, contains the men's dormitories, Ward Athletic Field, MacEachron Field, tennis courts, and the botanical garden and nursery.

Churches and Homes

Churches of the following denominations extend cordial welcome to residents and visitors: Congregational, Methodist, Baptist, Presbyterian, Friends, Catholic, Christian Science, Church of Christ, Lutheran, First Friends, Assembly of God, Northside Friends and Seventh Day Adventists.

Trim, landscaped homes line the wide, elm-arched streets that give Grinnell its restful charm. The residential district is free from noise, dirt and smoke—a city of homeowners.

Recreation

Grinnell has two cinema theatres showing the latest offerings in pictures. It has football, basketball, swimming and other collegiate sports. Grinnell College has a recital and lecture course. The city has band concerts and Chautauqua during the summer months. A league baseball team plays under floodlights in the city park. Two beautiful parks and playgrounds with shelters, wading pools and playground equipment are provided for children. A country club, with clubhouse, tennis courts and nine-hole golf course, is another recreational asset. Also there is a swimming pool, open the year around.

Location

Grinnell is located near the geographical center of Iowa, with direct rail connections east and west from Chicago to Des Moines and Omaha by the Rock Island Railroad, and north and south from Minneapolis and St. Paul to St. Louis and Peoria by the M. & St. L. Railway. Two main highways, U. S. 6 and State 146, pass through Grinnell, and State Highway 63 is a few miles east.

POLK'S GRINNELL

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1940

Copyright, 1940, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes householders and places of business having telephones.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake Directories.

Association of North American Directory Publishers

354-360 4th AVE.

New York City
