

Gainesboro July 28/64
Dear Genl. Raw.

With you I am sore
for the death of your Bro. - The Coun-
try has suffered a great loss, and
you and the family one that cannot
be made up to you - The family I
may see next week - You may have
seen the Resolutions passed at the State
Convention - There was much feeling when
presented - In this you know that
your Case is all right I trust.
The L. J. writes now that you

Commons as Brig. Gen. was
wounded & died on the 28 of June
I am daily looking for a letter from you.
Wonderless you are now glad that
your Bro. was promoted first and
that he left the world with a
high rank and the well earned
honors of a Soldier and a Patriot.
I hope you will get a commend
equivalent to your Courtesy and highest
ambition. Most of the Centers
are for my Commemoration - I think there
will be no more for me unless it

months from your County -

I care but little about it anyway -
yet desire the Corporation of men so
far as I desire it - My family
and my business require my time
and presence - Mrs. E. is better

and leaves the State for the first
next week - It will please me
to hear from you and of health
and victories and every news

Regards to all the friends
Ever yours

J. P. Brimmer
